15 YEARS OF SERVING AT THE GRASSROOTS

A JOURNEY OF SERVICE

Over the past **15 years**, **PARD INDIA** has remained committed to its mission of serving communities at the grassroots with compassion, dedication, and social responsibility. Founded in **13th Jan 2011** by **Mr. Bethala Veeraswamy** with a vision to **give back to society**, the organization began its journey in the remote village of Yernagudem and has since expanded its reach across districts, states, and beyond, through impactful community development initiatives.

As part of the **15th Anniversary Celebrations**, PARD INDIA organized a grand **"Seva Yagna Mahotsavam"** on 7th December 2025 at Dubacherla, bringing together donors, volunteers, community leaders, students, and supporters.

The celebrations reflected the organization's continued commitment towards empowering deprived children (V-kids), their families, and marginalized communities through Education, Health, Environment, Skill Development, and Livelihood interventions.

The event featured a **Mega Health Camp**, distribution of **free sewing machines** to underprivileged women, recognition of distinguished individuals for their service to society, and induction of new members into the PARD INDIA family. Through initiatives such as ambulance services, scholarships, free tuition centers, computer and tailoring training, blood donation camps, food distribution, and emergency support for vulnerable families, PARD INDIA continues to create meaningful and sustainable social impact.

BABU'S JOURNEY TO BECOME A DOCTOR

A RAY OF HOPE

Vampugadapa Babu, a determined and hardworking student, has always aspired to pursue a career in medicine. Coming from a modest background, the financial challenges of higher education often weighed heavily on his family, threatening to derail his dream of becoming a doctor. Yet, his perseverance and commitment to learning never faltered.

On **30th May 2025**, Babu's journey took a hopeful turn when **PARD INDIA** extended support through its V-Kid Scholarship Program. He received a scholarship of **₹5,000**, a contribution that eased his immediate educational expenses and allowed him to focus wholeheartedly on his studies. Today, Babu is proudly pursuing his **MBBS degree**, a milestone that reflects both his dedication

and the timely encouragement provided by the scholarship.

Beyond financial assistance, the scholarship has instilled in him confidence and motivation to excel. Babu now envisions not only completing his medical education but also serving society by providing healthcare to underserved communities. His story stands as a beacon of hope, proving that with the right support, dreams can be transformed into reality.

Babu expresses heartfelt gratitude to **PARD INDIA**, acknowledging that this scholarship has given him the wings to pursue his aspirations and inspire others in his village to aim higher.

FREE LIFE-SAVING AMBULANCE PROJECT

A LIFELINE FOR VILLAGES

On **5th April 2025**, PARD INDIA launched its *Free Life-Saving Ambulance Project*, generously donated by **M/s ECE Industries Limited** and inaugurated by **Shri P. Prasanthi, IAS, Collector of East Godavari District**. Since its inception, the ambulance has been operating round-the-clock across nearly 60 villages in Devarapalli and Nallajarla Mandals, providing emergency medical transport to communities with limited healthcare access.

The primary objective of this initiative is to deliver **free, 24/7 ambulance services** to rural populations, ensuring timely access to hospitals and critical care. The program has received overwhelming appreciation from the community, with demand steadily increasing. Beneficiaries have expressed a profound

transformation in their sense of hope and security, knowing that emergency assistance is now within reach.

The availability of first aid treatment and rapid hospital transfers has significantly reduced delays, saving countless lives in situations involving pregnant women, accident victims, and critically ill patients. Beyond immediate medical relief, the project has instilled **confidence and reassurance** among families, strengthening the social fabric of these villages.

This initiative stands as a testament to the **power of CSR partnerships** in bridging healthcare gaps and creating lasting impact at the grassroots level.

A WORD FROM THE FOUNDER

Dear Stakeholders,

It gives me immense pride to reflect on our journey and share how PARD INDIA continues to evolve with innovation at its core. This year, we have not only strengthened our grassroots impact but also embraced new pathways to sustainability and growth.

Our focus has expanded beyond traditional CSR partnerships to include innovation-driven strategies that harness technology and creativity. By integrating Artificial Intelligence tools into our operations, we are enhancing project design, monitoring, and communication—ensuring sharper insights, greater transparency, and stronger engagement with our partners and communities.

Equally important is our commitment to revenue generation and financial sustainability. We are exploring models that balance social impact with self-sustaining initiatives, enabling us to scale programs without over-reliance on external funding. This approach ensures that every rupee invested creates lasting value at the grassroots level.

We are also excited to leverage crowdfunding platforms to democratize giving. By inviting individuals across the globe to contribute, we are building a wider circle of support and amplifying our mission. These platforms allow us to tell our story directly to people who care, creating a shared sense of ownership in the change we are driving.

As we move forward, our strategic priorities will be:

- **Innovation & AI Integration** – Using technology to improve efficiency, transparency, and impact measurement.
- **Revenue Generation Models** – Developing sustainable initiatives that ensure long-term financial health.
- **Crowdfunding & Digital Campaigns** – Expanding our reach and engaging global citizens in grassroots transformation.
- **Partnerships & Collaboration** – Continuing to nurture CSR alliances while opening doors to new forms of engagement.

Together, with your unwavering support, we are not only serving communities but also shaping a future where innovation and compassion walk hand in hand. Let us continue this journey with courage, creativity, and commitment to building a stronger, more inclusive India.

BEETHALA VEERA SWAMI
FOUNDER - MEMBER

A WORD FROM DIRECTOR PROJECTS

Dear Friends, Supporters, Partners, and Fellow Changemakers,

As I reflect on 2025–26, I am overwhelmed by gratitude — for the trust our donors and partners have placed in us, for the communities that have opened their doors to us, and above all, for our V-kids whose dreams remind us every single day why PARD INDIA exists. This Annual Report is not just a record of programmes and budgets; it is the story of what becomes possible when committed people refuse to accept that a child's destiny should be determined by the village they are born in.

Through the READ Project — our flagship Rural Education and Development initiative — we have delivered After-School Education Programmes, Village Knowledge Centres, V-kid Scholarships, and Child Labour Prevention interventions across hundreds of villages. Each of these efforts is our ground-level response to the UN's Sustainable Development Goals: SDG 4 for Quality Education, SDG 5 for Gender Equality, SDG 3 for Good Health, and SDG 1 for No Poverty. The 2030 deadline draws closer; our resolve only grows stronger.

"A child's destiny must never be determined by the village they are born in. That conviction is PARD India's compass."

PARD India's foundation rests on Transparency, Accountability, Equitable Treatment, and Values — and these are not words we reserve for governance documents. They are the promise we make to every donor, every CSR partner, and every volunteer: every rupee entrusted to us reaches a child. Your generosity in 2025–26 has been transformational. It has filled school bags, funded scholarships, delivered nutrition kits to mothers in villages beyond the reach of most supply chains, and kept girls in classrooms when circumstances tried to pull them away. On behalf of every V-kid whose life you have touched — thank you.

As we look ahead, I invite you — donor, volunteer, student, corporate leader, or concerned citizen — to deepen your participation in PARD India's mission. The Power of One is not a slogan; it is a daily choice. Choose to give, to advocate, to volunteer, to care.

Together, let us make 2026–27 the year we carry more V-kids across the threshold of opportunity than ever before.

With deep gratitude and unwavering belief in the power of collective action —

Prof P.M. BALAJI
DIRECTOR (PROJECTS)

OUR VISION

Empowerment of deprived children and their communities through education, health, environment, skill development, and livelihood interventions to build respect for their dignity, justice, and equity to improve the quality of life at the grassroots.

OUR MISSION

A prosperous rural society built with positive communities for inclusive and sustainable development of everyone and every village at the grassroots.

OUR VALUES

- **Respect** – Believing in and appreciating the dignity and potential of every human being.
- **Integrity** – Maintaining social, ethical, and organizational norms with honesty, accountability, and transparency.
- **Serve** – Work towards our organizational goals by serving at the grassroots of our society.
- **Excellence** – Setting high performance standards and striving for continuous improvement.

4. IMPACT SUMMARY

During the year 2025–26, **PARD INDIA** advanced its mission of empowering underprivileged children and communities through integrated initiatives in **Education, Health, and Environmental Sustainability**. Guided by the principles of dignity, justice, & equity, our programs continued to enhance the quality of life across rural regions.

This year marked a significant milestone as we extended our reach into **Telangana**, alongside several districts in **Andhra Pradesh**, thereby deepening our impact. We are proud to report that **5,950 individuals**—including children and elders—were directly supported through our interventions, while our initiatives collectively touched the lives of **50,572 people**, spreading hope and fostering resilience across communities.

To strengthen our operations and partnerships,

we established a new office in Vijayawada, dedicated to supporting **Human Resources** and **CSR proposal development**, ensuring greater efficiency and responsiveness to stakeholder needs.

The progress achieved during this period would not have been possible without the invaluable contributions of our **CSR partners, dedicated volunteers, government agencies, and civil society organizations**. Their unwavering support has been the cornerstone of our success, enabling us to deliver sustainable change and brighter futures for those we serve.

Looking ahead, **PARD INDIA** remains committed to expanding its impact and reaching more lives through innovative, compassionate, and community-driven approaches. Together, we will continue to build a future where every individual can thrive with dignity, opportunity, and hope.

5. PROJECTS & PROGRAMS

Throughout the year 2025–26, **PARD INDIA** continued to advance its vision of inclusive development at the grassroots level. Our dedicated teams successfully implemented all planned projects and programs, driving meaningful progress across education, health, livelihood, and environmental sustainability.

Our strategic approach emphasizes **collaboration and long-term transformation**, bridging connections among local communities, institutions, governments, donors, and partners. This synergy fosters sustainable systems of change that uplift underprivileged children (V-Kids) and marginalized communities.

At the heart of our initiatives lies a commitment to **transforming structures of inequality** by

acting as a catalyst for empowerment. We create platforms where children, youth, and elders alike can realize their full potential and contribute to community growth.

Our programs focus on eradicating extreme poverty, delivering quality and value-based education, promoting employable skills for decent work through empowerment, and expanding financial inclusion. We also address climate resilience, gender equality, and universal healthcare—ensuring that every intervention contributes to a more equitable and sustainable future.

Through these collective efforts, **PARD INDIA** remains steadfast in its mission to build a society rooted in justice, dignity, and inclusive opportunity for all.

Education remains the cornerstone for addressing poverty, inequality, and injustice, particularly in rural communities where children face significant socio-economic barriers. The **Rural Education and Development (READ)** Project by PARD INDIA continues to champion quality education for underprivileged children, ensuring that no child is left behind.

Through structured learning support, digital literacy, and mentoring, Rural Education and Development project fosters academic growth and holistic development among V-Kids. In 2025-26, the project expanded its reach, providing essential resources and opportunities that empower children to learn, thrive, and build brighter futures.

Our “V-kids” are those children hailing from a rural background who are often denied equal opportunities in their upbringing, study environment, and exposure to the competitive world.

5.1.1 READ-01: After School Education Program (ASEP)

Education is a powerful tool for empowerment, yet many children in rural India remain vulnerable to learning gaps after school hours. To address this challenge, **PARD INDIA** has continued its *After School Education Program (ASEP)*, dedicated to supporting **V-Kids** with structured learning, mentoring, and nutritional support. By drawing children “back to the classroom,”

ASEP prevents early dropouts and nurtures academic confidence.

During **2025–26**, the program expanded its reach across multiple villages, directly impacting hundreds of children. It has become a cornerstone initiative, fostering equal opportunities, reducing inequality, and inspiring brighter futures for underprivileged communities.

Impact of ASEP during the year (2025-26)

Education Hours Provided	V-kids Covered	Schools Covered
63,152	1,207	11

The *After School Education Program (ASEP)* goes beyond academics by integrating **extracurricular activities, and value-based sessions**, ensuring the holistic development of every child. By bridging the critical after-school learning gap, ASEP plays a pivotal role in reducing school dropouts and nurturing confident, well-rounded students who are better equipped to face the future.

We gratefully acknowledge the support of M/s **IRCON International Limited**, whose partnership has enabled us to sustain and expand this initiative. Their valuable contribution towards the program has brought a meaningful change to the lives of rural children, fostering hope, learning, and opportunity in classrooms across underserved communities.

5.1.2 READ-02: Village Knowledge Centre Program (VKCP)

Access to information is a powerful enabler of progress, yet rural communities often remain excluded from the digital revolution. This disparity creates barriers to education, employment, and social participation, leaving many children and families at a disadvantage. To address this challenge, **PARD INDIA** has continued to strengthen its *Village Knowledge Centre Program (VKCP)*, a flagship initiative designed to bridge the “digital gap” and empower rural populations with knowledge, skills, and confidence.

Through the *Village Knowledge Centre Program*, our **V-Kids**—are introduced to computer literacy, internet navigation, and digital learning platforms. These centers provide structured training in essential digital tools, enabling students to enhance academic performance and prepare for future opportunities. Beyond children, the program also engages youth, women, and elders, offering practical skills such as online banking, e-governance services, and digital communication, thereby fostering inclusion across generations.

VKCP is more than computer education—it is about unlocking opportunities, bridging inequalities, and nurturing digitally confident communities. By fostering inclusion, the program builds a brighter, more resilient, and equitable rural future.

The program has received strong appreciation from beneficiaries, who recognize its role in reducing inequality and creating a sense of empowerment. By promoting digital literacy and access, VKCP is laying the foundation for sustainable rural transformation, ensuring that no child or community is left behind in the age of information.

5.1.3 READ-04: V-kid Scholarship Program (VKSP)

In rural communities, children from underprivileged backgrounds often face the painful reality of discontinuing their education due to financial hardships. Whether in high school, college, or university, many bright and deserving **V-Kids** are forced to put their dreams on hold, limiting their potential and future opportunities.

To address this challenge, **PARD INDIA** continues to champion the V-Kid Scholarship Program (VKSP)—an initiative designed to provide annual scholarships to meritorious and economically disadvantaged students. The program ensures that financial constraints do not stand in the way of academic aspirations, enabling children to pursue education with dignity and confidence.

During 2025–26, scholarships were extended to **two deserving students**, allowing them to continue their studies and move closer to achieving their dreams. Beyond financial assistance, VKSP emphasizes holistic

support through **mentorship and career guidance**. Teachers participate in regular mentoring sessions led by experienced educators and professionals, who provide academic support, career advice, and personal development resources. This nurturing environment helps students build resilience, broaden their horizons, and prepare for future success.

The impact of VKSP is evident in the determination and achievements of its recipients. Several past scholars have progressed into reputed institutions, becoming role models for other V-Kids in their communities. Their success stories inspire hope and demonstrate the transformative power of education.

At **PARD INDIA**, we believe that every child deserves the opportunity to learn and thrive. The V-Kid Scholarship Program stands as a testament to our conviction that investing in education is investing in a brighter, more equitable future.

5.1.4 READ-06: Quality & Value Education Program (QVEP)

In today's rapidly evolving world, the importance of **quality and value-based education** has become more critical than ever. Education must not only aim for academic excellence but also nurture ethical values, life skills, and social responsibility. At **PARD INDIA**, we believe that true national progress begins in schools and villages—by shaping confident, capable, and value-driven young citizens who can contribute meaningfully to society.

The *Quality and Value Education Program (QVEP)* is designed to enhance the standards of rural education by integrating moral values, discipline, and life skills into the academic journey of underprivileged children. The program promotes holistic development, ensuring that students are prepared not just for examinations but for life itself. Through structured sessions, workshops, motivational talks, and activity-based learning, QVEP cultivates qualities such as honesty, empathy, leadership, and teamwork among our **V-Kids**.

Aligned with **United Nations Sustainable Development Goal 4 (SDG4)**, QVEP strives to provide inclusive, equitable, and value-based education to every child. A special emphasis is placed on integrating Indian cultural heritage and values into learning, thereby grounding students in traditions while preparing them for global citizenship.

During 2025–26, the program expanded its reach to more schools across Andhra Pradesh and Telangana, improving learning outcomes and creating nurturing environments where students feel empowered to grow academically and personally. Teachers and facilitators have reported noticeable improvements in classroom discipline, student confidence, and peer collaboration.

By instilling both knowledge and values, QVEP continues to inspire brighter futures, ensuring that education becomes a transformative force for sustainable development and social equity.

5.2 BPCP-00: Building Positive Communities Project (BPCP)

India's villages remain the heart of the nation, and true progress lies in ensuring inclusive development at the grassroots. The *Building Positive Communities Project (BPCP)* is a flagship initiative of **PARD INDIA**, aimed at fostering sustainable, self-reliant, and empowered rural communities.

Through this program, we continue to work

towards creating safe, healthy, and vibrant villages by promoting community well-being, social harmony, and sustainable livelihoods.

BPCP is built around four core pillars — **Health, Environment, Livelihood, and Skill Development** — each designed to uplift marginalized families and improve their quality of life.

Impact of the Project during the year (2025-26)

DIRECT BENEFICIARIES

4,295

IMPACTED CHILDREN

2,389

SMILES SPREAD

36,976

During **2025-26**, BPCP reached out to numerous rural communities with impactful initiatives such as health awareness camps, environmental education drives, and livelihood promotion activities. These interventions not only addressed immediate needs but also laid the foundation for long-term positive change. For example, health camps provided preventive care and early diagnosis, environmental programs encouraged sustainable practices, and

livelihood initiatives created pathways for financial independence.

Equally important, the project emphasized community participation, collective decision-making, and volunteerism, enabling villagers to come together to solve local issues and strengthen social bonds. This participatory approach has fostered a sense of ownership and responsibility, ensuring that development is both inclusive and sustainable.

5.2.1 BPCP-01: Hearts of Serving the Humanity Program (HSHP)

At **PARD INDIA**, compassion and community care remain at the heart of our mission. The *Hearts of Serving the Humanity Program (HSHP)* embodies this spirit by extending direct support to families and individuals facing hardship, hunger, and crisis situations. It is a program that not only addresses immediate needs but also reinforces solidarity and dignity among vulnerable communities.

Through HSHP, we continue to distribute **food, essential supplies, and financial assistance** to underprivileged families, daily wage workers, elderly individuals, and marginalized groups. The program plays a vital role in combating hunger while also providing relief during natural calamities, health emergencies, and unforeseen crises.

In **2025–26**, HSHP actively responded to diverse local needs with initiatives such as free meal drives, dry ration distribution, and emergency relief activities. By collaborating closely with community volunteers, local leaders, and well-wishers, the program has become a trusted source of **hope and support** for families experiencing difficult times. Its presence has ensured that no one feels abandoned during moments of vulnerability.

As we move forward, PARD INDIA remains committed to expanding the reach of HSHP, addressing the goal of Zero Hunger, and standing by rural families **in times of need**—ensuring that every individual has the opportunity to live with dignity, security, and hope.

5.2.2 BPCP-02: Community Awareness & Empowerment Program (CAEP)

At **PARD INDIA**, we believe that informed and empowered communities are the foundation of sustainable and inclusive development. The *Community Awareness and Empowerment Program (CAEP)* is designed to nurture civic responsibility, social consciousness, and active participation among rural populations, with a special focus on students, youth, and women.

Through CAEP, we organize awareness campaigns, interactive workshops, and community events to educate people on vital issues such as healthcare, gender equality, environmental protection, education, financial literacy, and digital awareness. These initiatives not only inform but also equip individuals with the tools and confidence to engage in problem-solving

and decision-making within their communities.

In 2025–26, CAEP strengthened its impact by linking rural communities to national observances and global causes. Villagers actively participated in **Independence Day, International Women's Day, World Environment Day, International Yoga Day**, and other awareness events, connecting local actions to the broader vision of the **United Nations Sustainable Development Goals (SDGs) 2030**.

The program continues to inspire leadership, collaboration, and self-reliance, ensuring that every individual recognizes their role in nation-building. By fostering awareness and empowerment, CAEP is helping rural communities embrace responsibility, resilience, and hope for a brighter future.

5.2.2.1 The “POWER of SEWING”

“The POWER of SEWING” program, initiated by **PARD INDIA** with the generous CSR support of **JAYAM Solutions Private Limited**, continues to make remarkable strides in empowering rural women with tailoring skills. This initiative is designed to provide economic independence, skill development, and self-employment opportunities for women from underprivileged backgrounds, enabling them to contribute meaningfully to their families and communities.

By March 2026, the program has trained a total of **306 women**, delivering **34,644 hours of free sewing training** across **38 villages**. These women have not only acquired professional tailoring skills but many have also begun earning through self-employment, thereby enhancing household incomes and achieving financial independence.

The program has received tremendous appreciation from the community, with growing demand for additional centers.

Beyond skill-building, the program instills confidence, dignity, and hope among participants, fostering transformation in lifestyle and outlook. Women trainees emerge as role models, inspiring others in their communities to pursue learning and self-reliance.

Looking ahead, PARD INDIA aims to expand training centers, introduce advanced tailoring courses, and integrate digital learning tools to further enhance skill levels. We deeply appreciate the continued CSR support of **JAYAM Solutions Private Limited**, whose partnership has been instrumental in transforming lives and creating sustainable impact.

Impact of “The POWER of SEWING” during the year (2025-26)

5.2.3 BPCP-03: Community Health& Safety Program (CHSP)

At **PARD INDIA**, we believe that health is the foundation of resilient and thriving communities. The *Community Health and Safety Program (CHSP)* is dedicated to addressing the healthcare challenges faced by vulnerable rural populations, particularly those with limited access to essential medical services and health awareness.

Throughout **2025-26**, CHSP continued its mission of improving health outcomes and promoting safety awareness at the grassroots level. Through targeted health camps, medical check-ups, ambulance services, maternal and child healthcare initiatives, and hygiene awareness drives, we reached underserved villages, ensuring timely support and life-saving interventions for those most in need.

The program placed special emphasis on **women's health, nutrition awareness, preventive healthcare, mental well-being, and first-aid training**. Awareness campaigns highlighted seasonal illnesses, chronic diseases, sanitation practices, and health rights, empowering communities with knowledge to safeguard their families.

Looking ahead, **PARD INDIA** remains committed to expanding healthcare accessibility, promoting safe practices, and creating healthier environments in rural India. By empowering communities with resources and awareness, *Community Health and Safety Program (CHSP)*, continues to play a vital role in building healthier, safer, and more self-reliant villages.

At **PARD INDIA**, we believe that a clean, healthy, and sustainable environment is the foundation for building strong and resilient communities. In alignment with the national Swachh Bharat Mission, our *Community Swachh Bharat Program (CSBP)* continues to go beyond cleanliness campaigns, addressing environmental concerns holistically at the grassroots level.

During 2025–26, CSBP focused on a range of impactful initiatives including **plant distribution in villages, awareness campaigns on personal hygiene, waste management, and clean water practices**. Special emphasis was placed on reducing single-use plastics, organizing village clean-up drives, and fostering eco-friendly habits among schoolchildren and community members.

Under the ongoing “**Green Challenge**” initiative, students, volunteers, and villagers actively participated in plantation drives, enhancing local green cover and promoting biodiversity. These efforts not only beautified public spaces but also contributed to climate action, soil conservation, and environmental sustainability.

Collaborations with local authorities, schools, and youth groups further strengthened the program’s reach, creating eco-conscious communities that take pride in safeguarding their surroundings.

Looking ahead, **PARD INDIA** remains committed to driving sustainable, community-led action for a cleaner, greener, and healthier India—reinforcing the spirit of *Swachh Bharat* in every village we serve.

6.0 Awards & Recognitions

The year 2025–26 has been a remarkable one for **PARD INDIA**, marked by significant milestones and recognitions that reaffirm our commitment to excellence, impact, and credibility in the social development sector.

On **24th July 2025**, we received a **Letter of Appreciation** from our CSR partner, **Jayam Solutions Private Limited**, acknowledging the success and transformative impact of our flagship initiative *The "POWER of SEWING"*. This recognition highlighted our disciplined approach, transparent reporting practices, and the tangible difference created in the lives of rural women through skill development and empowerment.

Further strengthening our educational initiatives, on **26th February 2026**, we entered into a formal **Memorandum of Understanding (MoU)** with **PLearn Pvt. Ltd.** to establish *Maths Labs in Schools*. This collaboration represents a significant step toward enhancing learning outcomes, fostering innovation in classrooms, and equipping students with practical, hands-on mathematical skills.

Adding to these achievements, **PARD INDIA** was proudly **recertified as a "Great Place to Work" on 1st January 2026**, for the second consecutive year. This recognition reflects our organizational culture of inclusivity, transparency, and collaboration, and underscores our commitment to creating a supportive environment for our employees and volunteers.

Together, these awards and partnerships highlight the trust and confidence placed in PARD INDIA by our partners, communities, and stakeholders. They serve as a testament to our unwavering dedication to quality, impact, and sustainability, inspiring us to continue building stronger programs and deeper collaborations in the years ahead.

At PARD INDIA, we firmly believe that the strength of our mission lies in the generosity and trust of our donors. Each donation, regardless of size, represents a powerful commitment to building a brighter, more equitable future.

To honor this spirit of giving, we recognize our donors under three categories:

- **“Lifetime Star” Members** – Individuals and organizations contributing more than ₹10,000 annually. Their consistent and substantial support has been instrumental in driving large-scale initiatives, enabling us to deliver transformative programs in education, health, and community development.
- **“The POWER of ONE” Members** – Donors contributing more than ₹365 and less than ₹10,000 annually. Their symbolic gesture of giving at least one rupee per day reflects the belief that small, steady contributions can create meaningful change when combined with collective effort.
- **“Agent of Change” Members** – Donors contributing more than ₹100 and less than ₹365 annually. Their support demonstrates that every act of kindness, no matter how modest, plays a vital role in empowering communities and sustaining hope.

Together, these esteemed donors form the backbone of our organization. Their generosity fuels our initiatives, strengthens our partnerships, and ensures that thousands of underprivileged children, women, and families continue to benefit from our programs.

We extend our heartfelt gratitude to each donor for standing with us in this journey of service and transformation. Their unwavering support reaffirms our vision of creating lasting impact and building communities where every individual can thrive with dignity and opportunity.

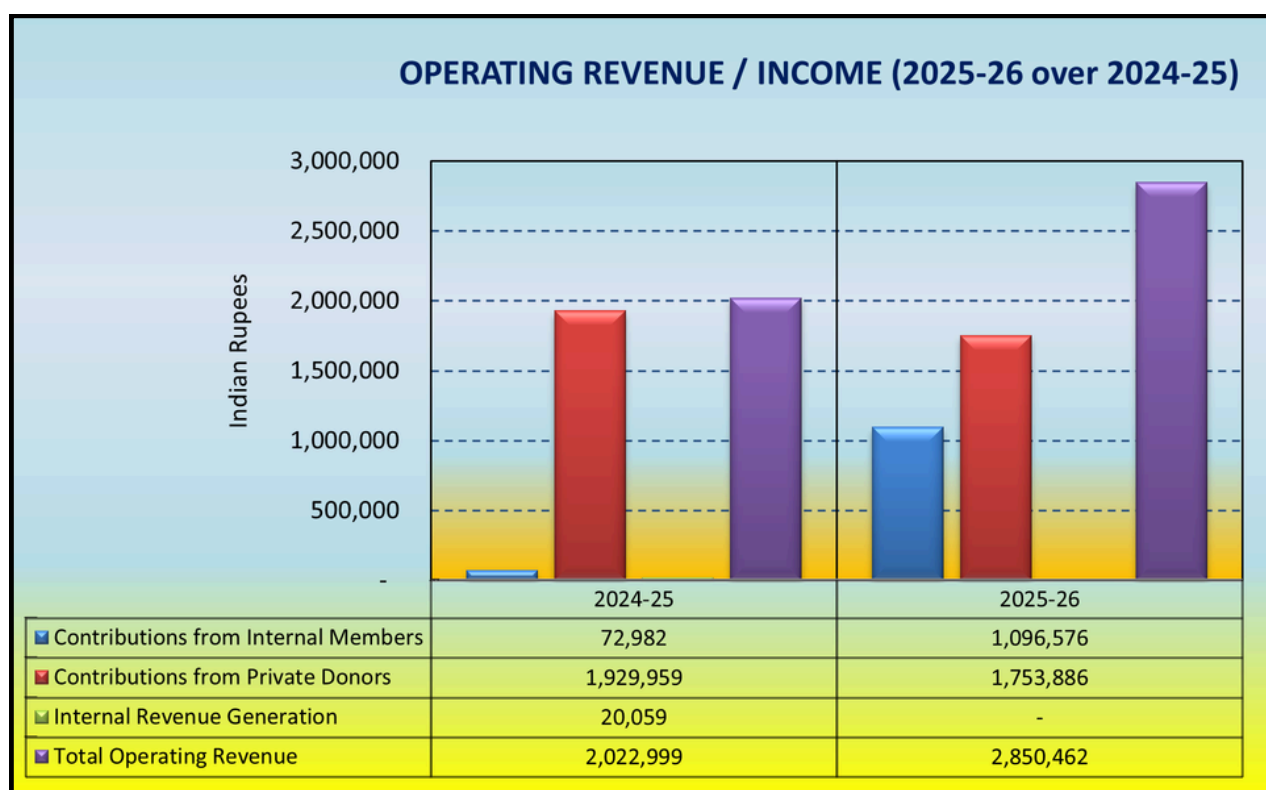

8.1 Summary of Annual Income and Expenditure:

(Figures in Indian Rupees)

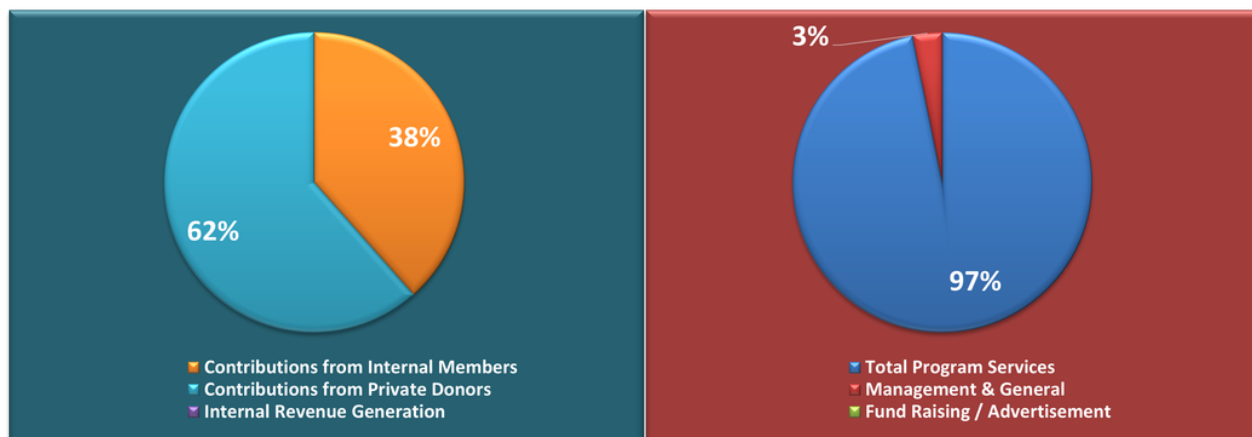

Operating Revenue	2024-25	2025-26	Change Over Last Year	2025-26
Contributions from Internal Members	72,982	1,096,576	1403%	38%
Contributions from Private Donors	1,929,959	1,753,886	-9%	62%
Internal Revenue Generation	20,059	-	-100%	0%
Total Operating Revenue	2,022,999	2,850,462	41%	100%
Operating Expenses	2024-25	2025-26	Change Over Last Year	2025-26
Total Program Services	2,020,305	2,312,708	14%	97%
Management & General	55,829	76,536	37%	3%
Fund Raising / Advertisement	-	-	0%	0%
Total Operating Expenses	2,076,134	2,389,244	15%	100%

Note: *Received Rs 6,50,000.00 from CSR Partner at the end of March 2026

Total income raised in the form of donations is Rs. 28.50 Lakhs, an increase of 41% during the financial year 2025-26 compared to previous year.

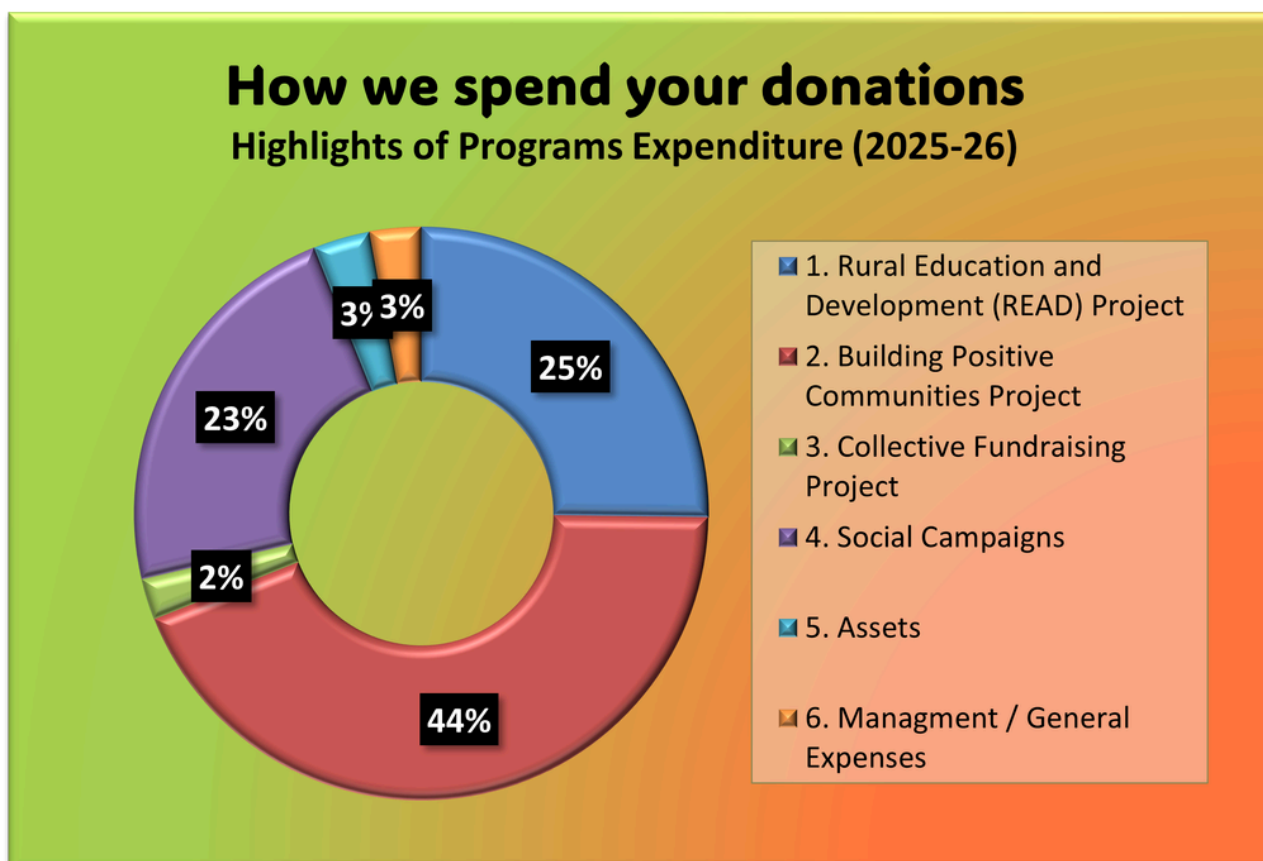

How we spend your Donations:

- About 62% of the funding for the financial year 2025-26 is raised through contributions from Private Donors and 38% was raised through Internal members.
- About 97% of the funds are exclusively used for implementation of our projects & programs supporting our beneficiaries; zero advertisement cost to our services.

Details of Expenses Against Each Program

We have taken care of ensuring every donation that we receive have a direct impact in the lives of our beneficiaries; the following graph reflects our financial stewardship and accountability towards our stakeholders:

Expenditure				%age
SLNo.	Name of the Project	Project Code	Amount (Indian Rs)

Total Payments (2025-26)			3,046,719.54	

We maintain Transparency in all our activities and financial transactions with full accountability towards all our stakeholders.

For this purpose, we have in place computerized accounting system with codes that trace every Rupee received and spent in our records. We have had this system since the beginning of our services in the year 2011. Further, every donation that we receive online through our website has project codes that ensure the donation received is spent for the specified purpose. We feel proud of our stringent financial and administrative controls even though we are operating from offices at village side.

We comply with the Indian Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI) and are up to date on accounting standards. At the end of each financial year, an Annual Report with financial audits and statements is published and made available to all our stakeholders and the public.

Please do visit our website www.pardindia.org for Financial Audit Reports of our organization.

Backed by over 15 years of dedicated grassroots service,
we stand today as one of India's most trusted community-driven NPOs

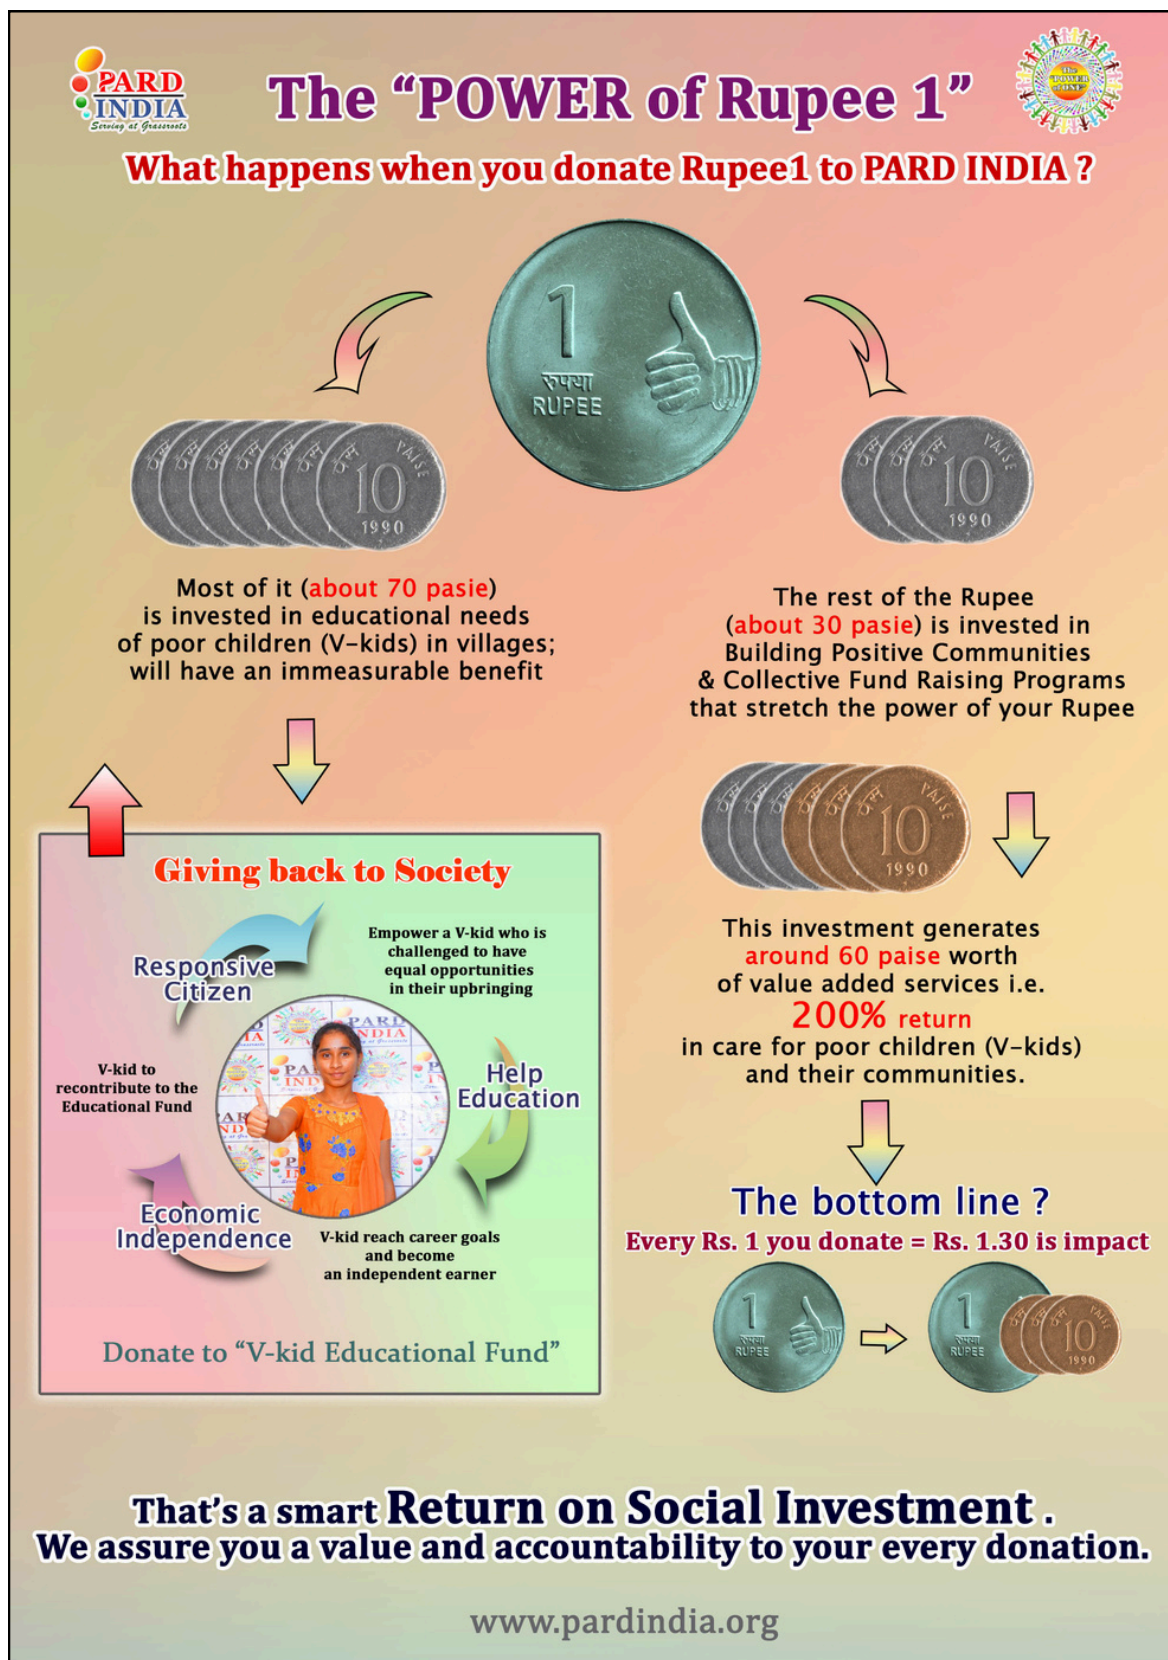

We are 100% Transparent & Accountable
